HERE'S HOW, STEP BY STEP

Find every state you owe sales tax in, before they find you

The 5-step check our tax team runs on every new customer.

Swipe →

1

List every state you ship or sell to

→ Pull 12 months of orders from Stripe or your billing tool.

→ Group revenue and order count by state.

2

Compare each state to its threshold

→ Each state sets its own sales or order threshold.

→ Cross it once and you owe tax from that date.

3

Check what you already sell that is taxable

→ SaaS is taxed in some states and not in others.

→ Same product, 17,000 different jurisdictions.
